Our Agenda

Part 1:

Project Scope

Part 2:

Business Problem

Part 3:

Goals & Process

Part 4:

Solution

Part 5:

Demonstration

Part 6:

Summary & Next Steps

Project Scope

Let's just say the scope crept.

Business Problem

Greenhouse gas emissions are on the rise

Canada's commitment to the Paris Agreement

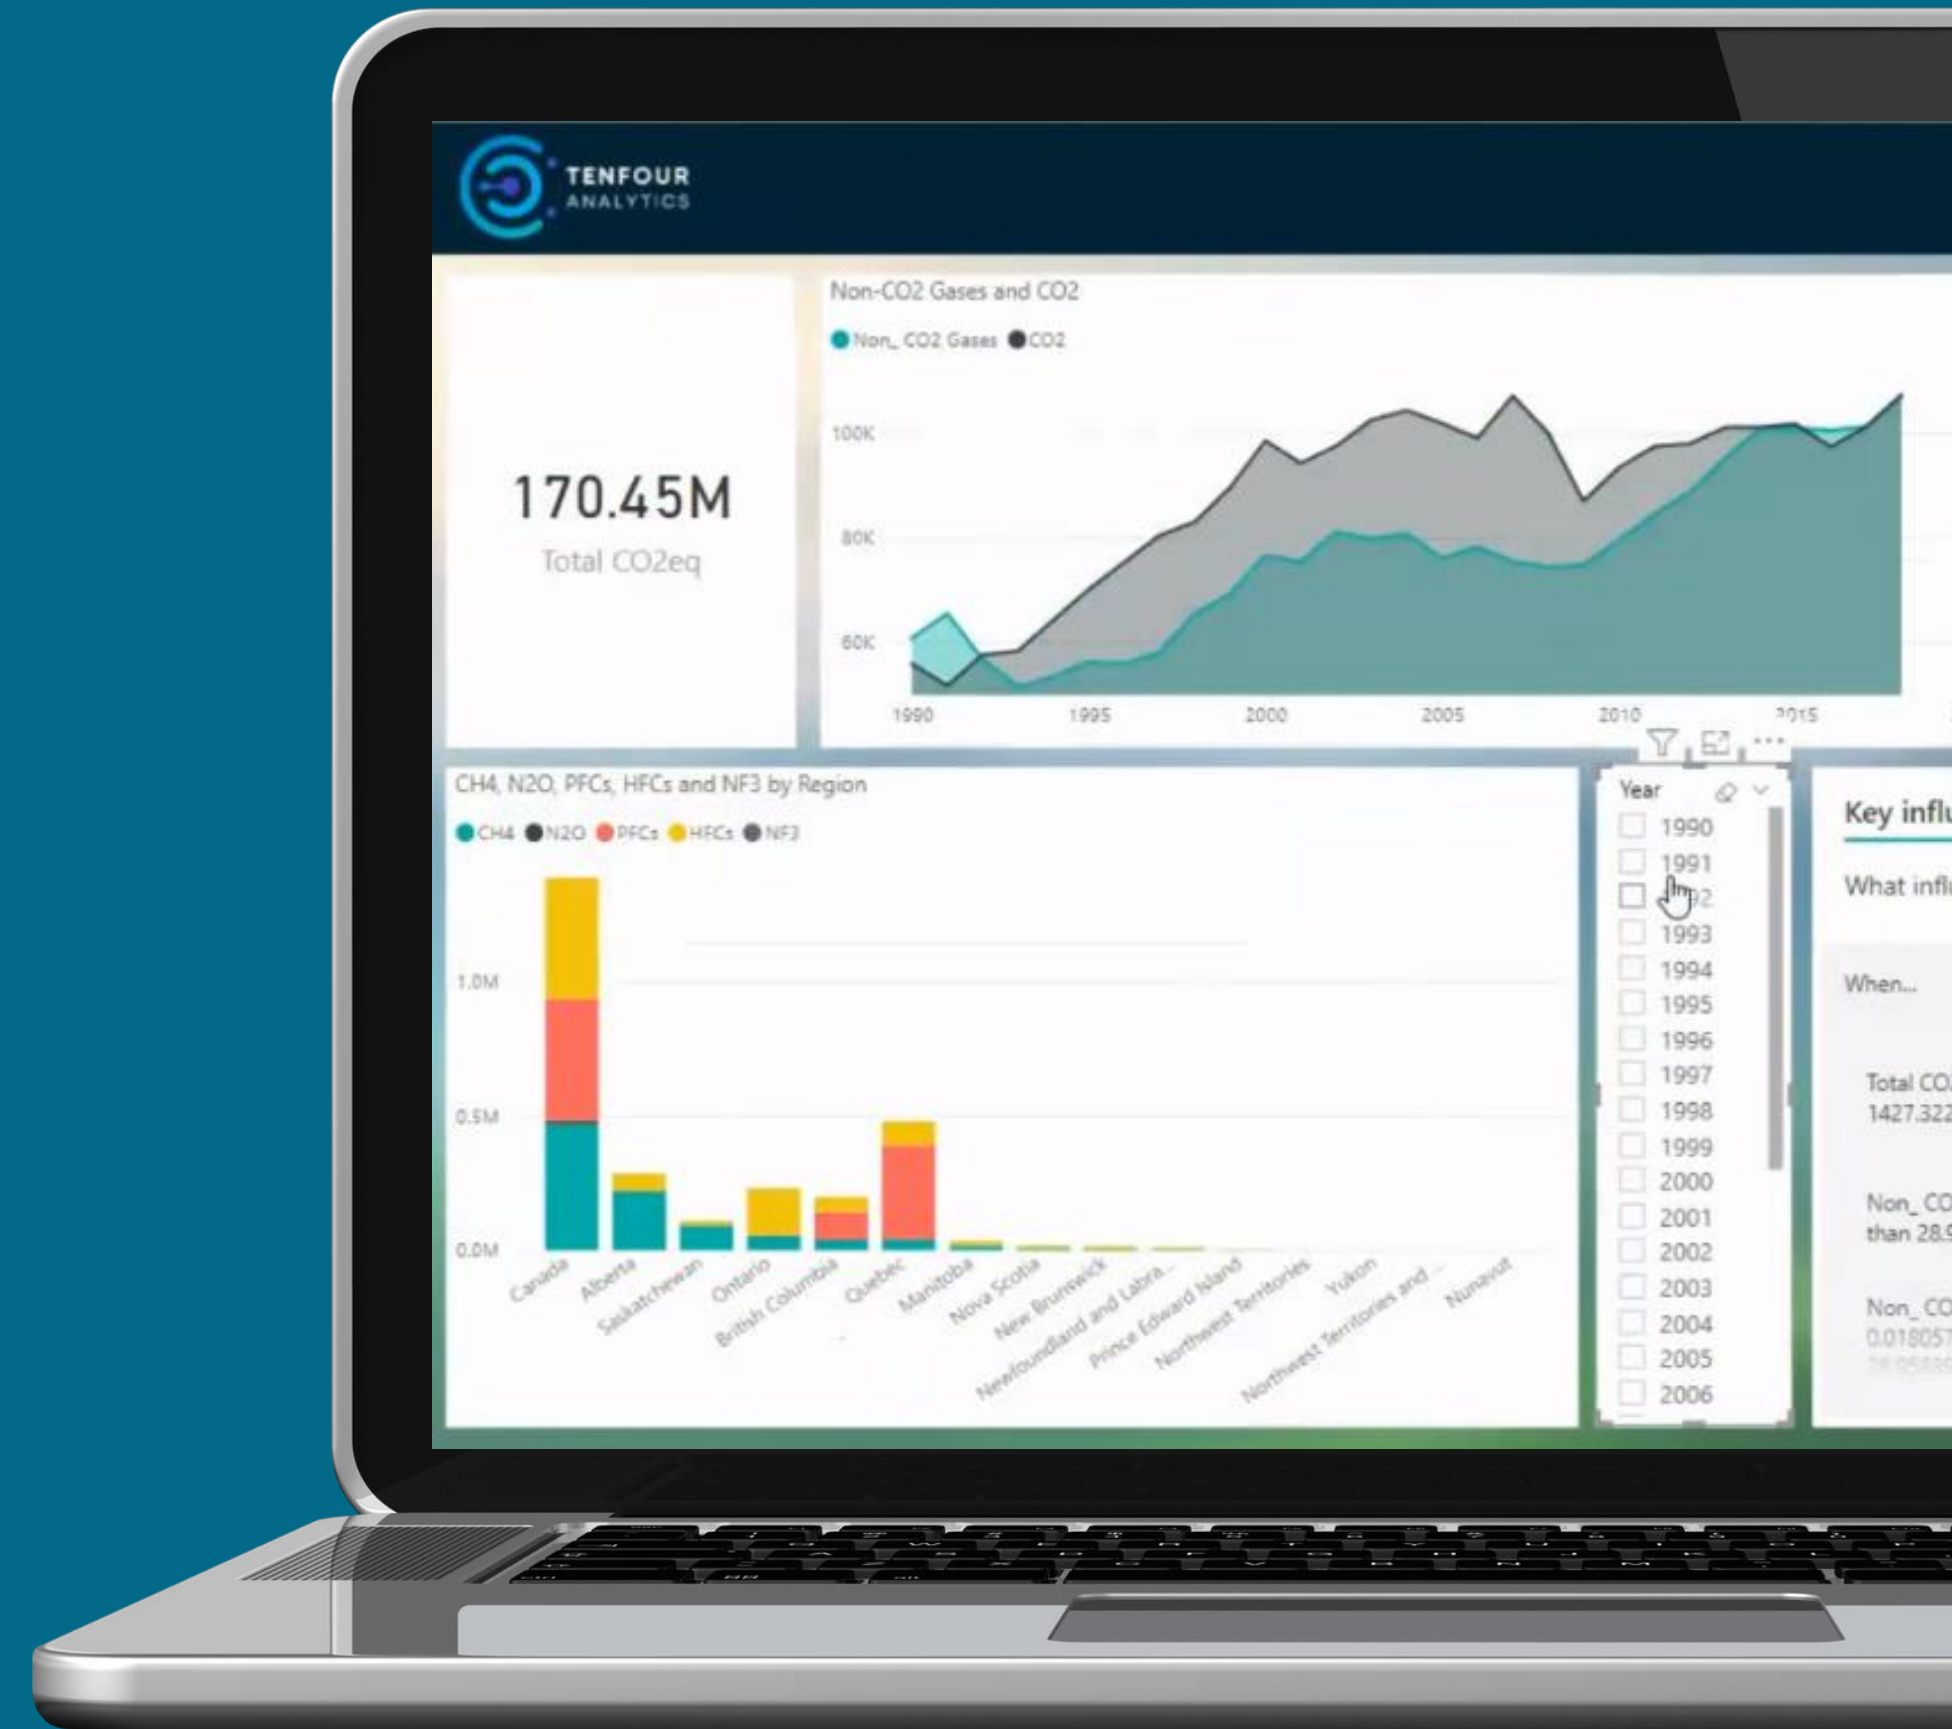

Carbon tax is here to stay and will increase each year

Strategic Goals

Our Solution

TenFour Analytics has transformed a large amount of lifeless, untidy flat-file-and-tabular-data into an interactive report and dynamic visualizations to empower users make better data-driven decisions.

Drumroll please...

What's Next?

Thank you!
